2. crack software using resource hacker
3. how to use resource hacker software

I tried to find an alternative, but I did not find any that I liked, so I decided to just improve Resource Hacker.. • If you have a modified file open and you close Resource Hacker FX, you have a Cancel option when asked whether you would like to save the file.. I could not really fix it, as it’s the Rich Edit control’s fault, it’s quite slow with large texts.. Also, if you choose to save it, it just gets saved instead of saving as • The Hex viewer shows only the first 10 KB of the binary resource by default to prevent hanging Resource Hacker FX.. 10 KB should be usually enough to understand what the resource is about If it isn’t, you can hold shift to load the whole resource.
